

Experiencing an outage?

BEFORE CALLING LYREC:

1. Check fuses & breakers at the meter pole and service entrance.
2. Check to see if your neighbors are without power.
3. Get your meter number and call LYREC at 406-488-1602.

If you call during regular business hours, your call will go directly to the local office. If you call after hours, LYREC has a dispatch center that will take your call.

**** HELPFUL HINT**** You will need to have your meter number when calling in an outage. Write down your meter number(s) and put them in a safe place so you do not have to go out in unfavorable weather. LYREC uses a unique mapping system for each service, therefore a physical address will not be sufficient when calling in an outage.
